

Peanut Butter S'mores

Why settle for chocolate when you can have chocolate AND peanut butter?

Ingredients for Peanut Butter S'mores:

4 graham crackers, broken in half
4 Peanut Butter Cups
8 marshmallows

Note: Makes 4 S'mores. If toasting marshmallows on an open flame be very careful. If a flame is not available, use the microwave.

Directions:

- 1. Toasting on a flame:** If toasting marshmallows on a stick over an open flame, simply scrape the marshmallow off onto the top and bottom cracker, place the peanut butter cup in the center, press together and enjoy.
- 2. Microwaving:** If microwaving, tear the marshmallows in half. Stack two marshmallow halves, the peanut butter cup and two more marshmallow halves on the bottom cracker. Place on a microwave safe plate and microwave on **HIGH POWER FOR NO MORE THAN 10 SECONDS**. Consider starting with 5 seconds; all microwaves vary. My microwave makes a perfect S'more at 7 seconds. Remove from microwave and top with a graham cracker, press together and enjoy.
